Dear Health Care Professional:

You are being asked to provide information regarding the disability or disabling health condition(s) of the person listed below as part of their request for mask exemption while traveling on East Bay Paratransit during the COVID-19 pandemic. The CDC has issued an order that requires face masks to be worn by all travelers while on public transportation. People must wear masks that completely cover both the mouth and nose. The CDC Order exempts people with disabilities who cannot wear a mask, or cannot safely wear a mask, because of their disability, as defined by the Americans with Disabilities Act (42 U.S.C. § 12101, et seq.). This is a narrow exemption to be applied in very limited circumstances. It is not meant to cover persons for whom mask-wearing may only be difficult. The TSA Security Directive gives examples of persons unable to wear a mask due to safety reasons who would be exempt, including those who do not understand how to wear or remove the mask due to cognitive impairment, cannot wear or remove a mask on their own due to dexterity/mobility impairments, or cannot communicate promptly to ask someone else to remove the mask due to speech impairments or language disorders.

East Bay Paratransit is a specialized transportation service provided by AC Transit and BART as required by the Americans with Disabilities Act (ADA). Federal Law restricts paratransit to people who are prevented or incapable of traveling alone on fixed route public transportation, like AC Transit’s or BART’s fixed-route service.

This exemption does not include people who find it simply difficult or uncomfortable to wear a mask.

East Bay Paratransit will use the information you provide as part of our process to determine if this applicant is prevented from wearing a face covering while riding East Bay Paratransit.

If you have questions about the process, call our Certification Office at (510) 287-5000.

This section must be completed for all applicants.
